RACING

2022 SPONSORSHIP OPPORTUNITIES

MEET THE TEAM

VJTI Racing , is a group of dedicated undergraduates with innovative ideas and passion for engineering. Our vision is to expand and improve the skills of undergraduates by practical applications in designing, fabrication, manufacturing and management, beyond classroom education. We are constantly on a path of improvement and utilizing the best of our talent. The team independently designs, manufactures and tests automotive vehicles which then competes at national and international level competitions.

ABOUT VJTI

Veermata Jijabai Technological Institute , established in 1887 is one of the oldest technological institute in Maharashtra. Post-independance, VJTI played a pivotal role in setting up IITs and RECs of India and strengthened engineering and technological excellence of country. The Institute is reputed for its excellent training in courses of engineering and technology at diploma, degree, and post graduate levels for over three thousand students.

THE CARS

BAJA 2012

Won the most dynamic award.
Nominated for SAE category.
Overall rank in India: 35th

SUPRA 2014

Winner of business presentation
1st rank in Mumbai
Overall rank in India: 12th

BAJA SOUTH AFRICA 2015

Ranked 1st Internationally.
Ranked 1st in Dynamic performance.
Ranked 2nd in Statics and Sales event

BAJA 2017

1st in Acceleration
5th in Business presentation
Overall ranked 7th in India

BAJA 2018

1st in Sales presentation
3rd in Virtual evaluation
4th in Cost event

ESI 2019

7th rank in Marketing event
10th rank in Design challenge
14th in Acceleration event

BAJA 2020

6th rank in Virtual presentation
Overall ranked 26th in India

BAJA 2021

5th rank in Manufacturing event
6th rank in Sales presentation
All India rank 2nd (in RWD category)

What is BAJA SAEINDIA competition?

Students build a single seater off-road vehicle with which they can compete against teams all over india. The competition is not won solely on the basis of the fastest car among the teams. But rather the team that has not only the best overall construction, performance but also the most structured financial and sales plan is hailed as the overall winner

Static events

Static events, such as written reports, presentations and design evaluations are provided by participating teams. Required reports detail the engineering and design process that was used in developing each system of the team's vehicle, supported with sound engineering principles.

Dynamic events

The dynamic events include hill climbs, sled pulls, maneuverability events, rock crawls, and suspension & traction events. It concludes with a 4-hour long endurance race.

WHAT'S IN FOR 2022?

VJTI
RACING
ELECTRIC

**BAJA PRELIMINARY ROUND
ALL INDIA RANK : 4**

This year VJTI Racing has endeavored to take part in the Electric BAJA, also known as E-BAJA, keeping in mind the advancements in electric mobility sector, by using classroom based knowledge to fully manufacture an off-road Electric ATV. For this effort we will require your generous support.

EVENTS AND ACTIVITIES

Lecture series and Workshops

- » Power transmission
- » Vehicle Dynamics
- » Chassis
- » Brakes
- » Electronics
- » Workshops on Solidworks, ANSYS and, Hyperworks

AUTO EXPO and Showcasing

- » Standees at BAJA main event
- » DNA auto expo, Navi Mumbai
- » India Auto Show, NESCO, Goregaon
- » Exhibition in VJTI's Technovanza and Ecell.

Alumni meets and Quizes

- » Various quizzes arranged for automotive enthusiasts
- » Interaction and frequent follow ups with alumni and industrial experts
